Rigato

Broccato

Cracklè

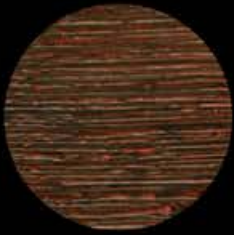

Un sistema decorativo che nasce dall'ispirazione data da incantevoli luoghi orientali che ancora oggi si conservano nella meravigliosa isola che è la Sicilia, terra dai mille colori, dove gli stili bizantini, arabi e normanni si miscelano qua si naturalmente con i paesaggi di questa terra. Da qui l'idea di creare questo nuovo effetto decorativo che sa d'Oriente. Uno stile etnico, con il tocco magico dell' Italian Style.

Questo sistema decorativo è composto da uno stucco altamente modellabile, che permette di creare infiniti effetti ad elevato impatto estetico, e dalla Velatura Classic o perlata che applicata su di esso, sembra creare delle trasparenze, delle profondità, e dei contrasti chiaroscuro unici e molto affascinanti.
3 metodi di applicazione: **Rigato, Broccato, Cracklè.**

Nahir Broccato

This decorative system has a very special Stucco which is easy to model and this allows you to create endless effects. With the application of Velatura Classic or Pearl on top it seems to create transparency, deepness and a unique and fascinating dark light contrast. 3 methods of application: **Rigato, Broccato, Cracklè.**

Decorative system which was created from the inspiration of the enhancing place that are still to be found in the wonderful Sicilian island, the land of many colours, where the Byzantines styles, Arabs and Normans mix almost naturally with the landscape of the island.

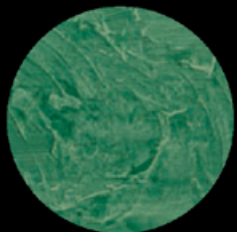

This is where the idea was found to create this new decorative effect. An ethnic style, with the magic touch of Italian Style.

Nahir Cracklè

Декоративная система, которая была создана благодаря вдохновению, появившемуся в великолепной Сицилии, земле множества цветов, где Византийские, Арабские и Норманнские стили свободно смешались с пейзажем острова. Именно здесь родилась идея создания этого декоративного эффекта. Этнический стиль в сочетании с легким прикосновением итальянского стиля.

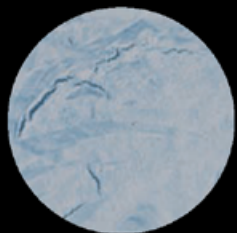

В составе этой декоративной системы – особая штукатурка, которая легко моделируется, позволяя создавать бесконечное множество эффектов. Поверхность, покрытая Velatura Classic или Velatura Pearl, имеет эффект прозрачности, глубины, игры цвета и тени, обворожительный световой контраст. Три метода нанесения: **Rigato, Broccato, Cracklè.**
